Maloth Venkatesh

Khammam, Telangana | +919320623901 | malothvenky12@gmail.com | GitHub | LinkedIn

Professional-Summary

Innovative and detail-driven **Frontend Developer** with hands-on experience designing and developing responsive, interactive, and performance-optimized web applications. Proficient in **React.js** , **JavaScript (ES6+)**, **HTML**, **CSS3**, and **Tailwind CSS** , with a strong understanding of **RESTful APIs**, **state management**, and **component-based architecture**. Skilled in implementing **cross-browser compatibility**, **UI/UX** best practices, and mobile-first design principles to enhance user engagement. Adept at using **Git**, **GitHub**, and **Agile methodologies** for collaborative development. Passionate about building scalable, user-centric solutions and continuously learning emerging web technologies to drive impactful digital experiences.

EDUCATION

National Institute of Technology,jammu and kashmir   2024-2028

B.Tech (Electronics and Communication Engineering)   Overall Cgpa : 7.98

vagdevi junior college ,Telangana   Percentage : 95.1%

Higher secondary School

TECHNICAL SKILLS

- **Frontend :** HTML, CSS, JavaScript (ES+6), React, Tailwind CSS, Bootstrap
- **Backend :** Node.js, Express.js
- **Databases :** MongoDB , MySQL
- **Tools :** Git, GitHub, VS Code

PROJECTS

Portfolio Website : HTML, CSS, Javascript

- Designed and developed a personal portfolio website to showcase projects, skills, and achievements with an interactive and responsive layout.
- Implemented **SEO optimization** and **cross-browser compatibility** to improve accessibility and performance.
- Enhanced page load speed by optimizing media assets and implementing efficient DOM manipulation.

Spotify Web App Clone : React.js, Tailwind CSS, Spotify API

- Built a responsive music streaming web application integrated with the **Spotify API** for playlist browsing, track search, and playback control.
- Developed reusable **React components** and implemented state management for seamless UI rendering.
- Utilized **Tailwind CSS** for modern, adaptive styling, improving responsiveness across mobile and desktop devices.

Amazon Clone : HTML, CSS, JavaScript

- Created a functional e-commerce web application mimicking Amazon's core features, including product listings, shopping cart, and user authentication.
- Implemented dynamic product filtering and sorting using JavaScript to enhance user experience.
- Ensured responsive design for optimal viewing across various devices using CSS media queries.

EXPERIENCE

- **Worked in the managment team in the cultural event RANG-E-CHINAR**
- **Club members of BIS nit srinagar**
- **Volunteer for the Electronic and Communication Engineering student Club - DATU-MITRA**

SOFT SKILLS

- **Teamwork :** Collaborated with peers on group projects and ensured smooth coordination.
- **Effective Communication :** Engaged in active listening and open discussion during team collaborations to ensure smooth project progress.
- **Leadership :** Demonstrated leadership in leading team projects or initiatives ,showing dependability to motivate others and taking charge when necessary.
- **Adaptability :** Quickly adaptable to new programming languages ,tools,and frameworks in dynamic environments .
- **Languages known :** English,Hindi,Telugu.
